

**Liburdi Turbine Services Inc.
GAS TURBINE EXPERIENCE?**

Location: Blair Rd, Burlington / 400 Highway 6 North, Dundas

In addition to the specific open positions posted on our website, we are *always* interested in qualified personnel with relevant experience in the gas turbine industry. If you have 5 or more years experience working with gas turbines and components and a background in:

- Repair engineering
- Performance modeling
- Hot section component design
- High temperature materials and coatings
- Customer Support
- Skilled trades (thermal spray, machining, welding, finishing, heat treating)
